

Hail SJC, whom we hold so dear, Institute of learning year after year, Teaching with devotion and purpose in view, Faith and fortitude, thy aim so true.

75TH ANNIVERSARY OF THE MARIANISTS IN JAPAN

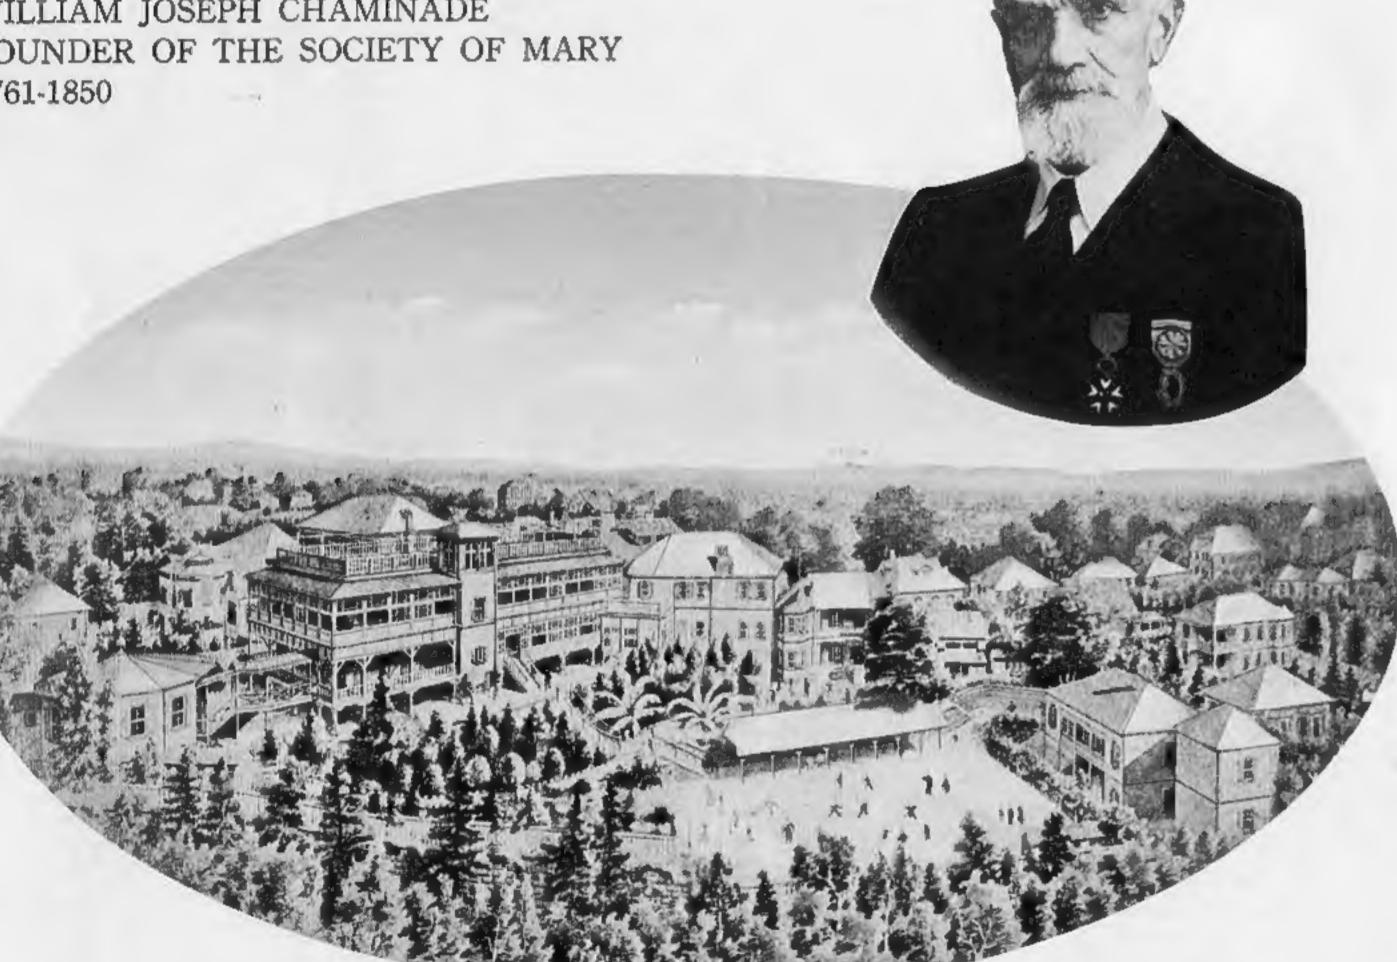

WILLIAM JOSEPH CHAMINADE FOUNDER OF THE SOCIETY OF MARY 1761-1850

The years 1963-64 mark the 75th anniversary of the Society of Mary in Japan.

In answer to Bishop Pierre Marie Osouf's call for the Marianist to labor in Japan, the Society of Mary sent two Marianist Fathers and three Brothers to Japan. This relatively small group founded the first Marianist community here establishing the Morning Star (Gyosei) school in Tokyo on February 1, 1888. From the Morning Star school four more sister 'Star' schools have been founded: in Nagasaki (1892), Osaka (1898), Sapporo (1941), and Fukuoka (1946). The 'Star' schools were primarily for Japanese students. Therefore in 1901, the Marianists founded Saint Joseph College in Yokohama for English speaking students.

Today, the Marianists have five establishments in the Tokyo-Yokohama area: a Postulate, a Novitiate, a Scholasticate, Gyosci, and SJC. In the space of 75 years, the Japanese province of the Society of Mary has made a great deal of progress both in personnel and in material, and with the help of God, it will continue to do so in the years to come.

ST. JOSEPH COLLEGE IN 1904

Since its foundation in 1901 by Bro. Louis Stolz, SJC has seen the passage of time through the ocean of dispair and laudings of prosperity. Most clearly imprinted in our minds is the man who led the school for twenty seven eventful years—Bro. Jean Baptiste Gaschy. Only a year before his death in October of 1955, he was awarded, in addition to the 'Legion of Honor', the Fourth Order of the Sacred Treasure in recognition of 51 years of educational service in Japan.

Bro. Albert, Bro. Schermesser, and Bro. Imhoff receive recognition for long years of educational service in Japan.

Reflect for a moment on Saint Joseph College.

What image does appear in our minds? A structure of concrete encompassing a garden of green; the serene atmosphere of religious devotion; the happy laughter of budding scholars. But behind all this, what?

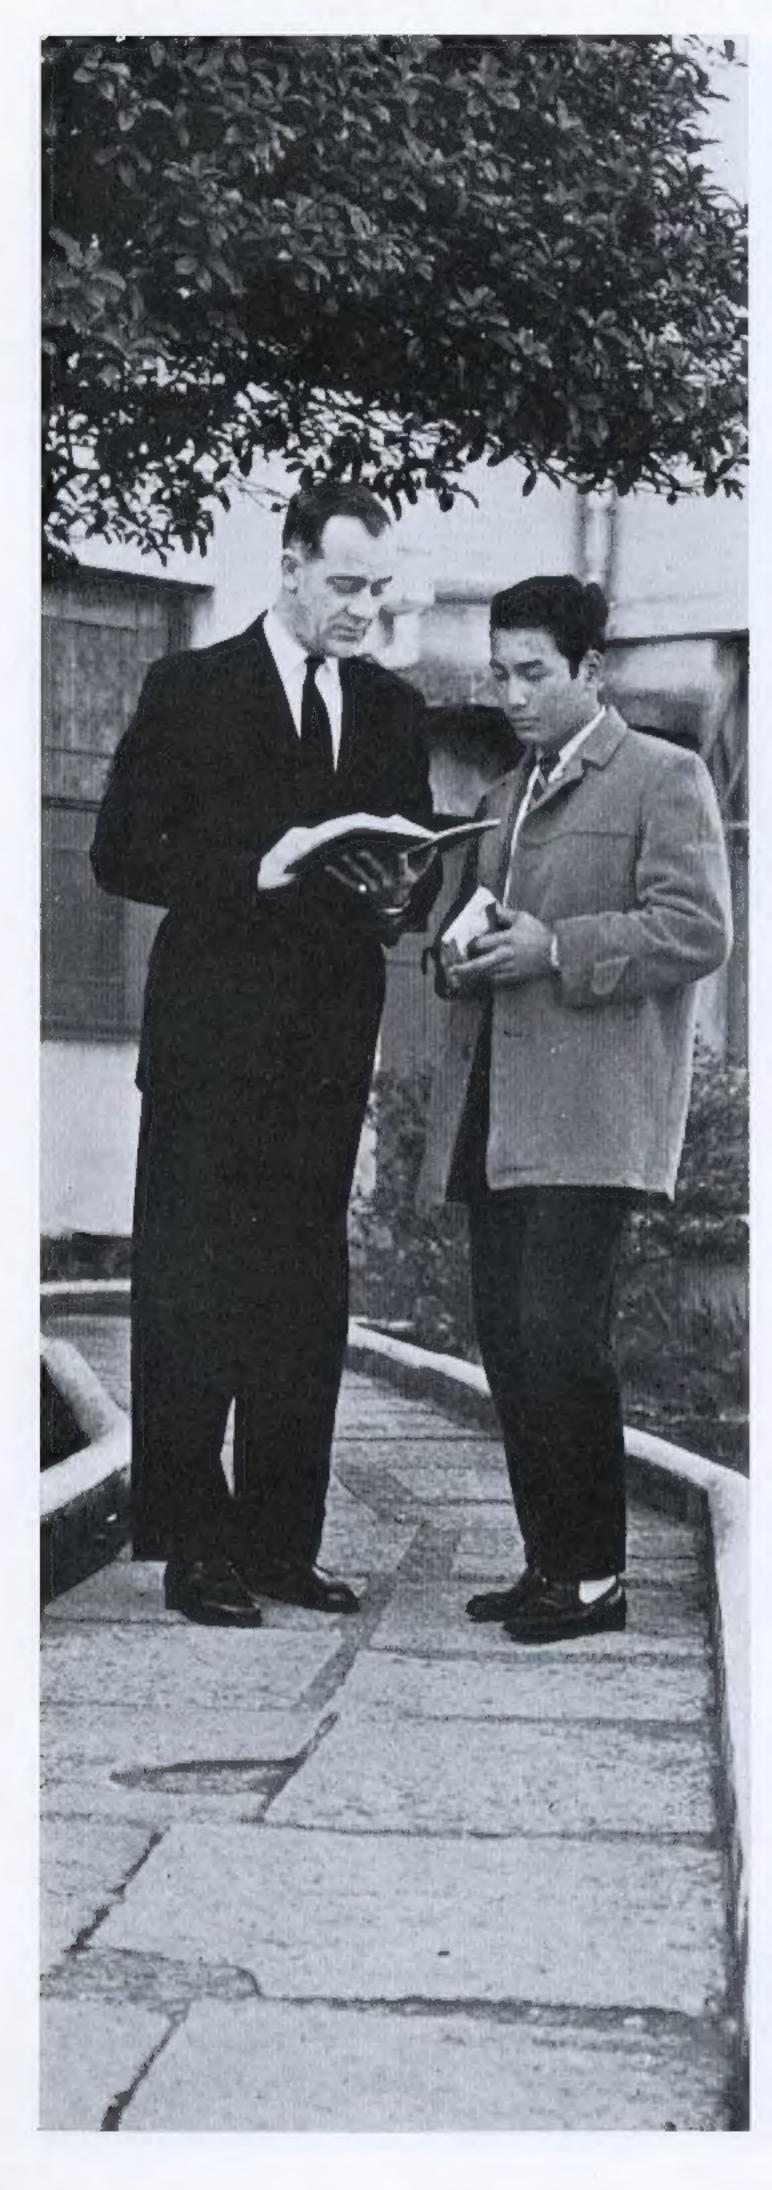

In back of it all are seventy-five years of devotion, of building, of forming. Seventy-five years have passed since the arrival of the Marianists in Japan. The buildings that once were dreams now stand on a firm basis of rock. As time flows by, the concrete hardens. What is there to show now? The buildings? The newly renovated classrooms? They are but passing benefits. Saint Joseph College claims honor and reverence from its students, "Let us sing of the school that claims our reverence." We are backed by seventy-five years of hard work. We have as our base a concrete structure that required seventy-five years to attain its final shape. In return for this, SJC requests our affection and our firm promise to walk through life never deviating from the principles of justice, charity, and God-consciousness that have been shown us to be the only basis on which to build a truly successful life.

As we now look back on the toils of three quarters of a century, we grow confident that we have been well-equipped for future life and have every right to go.

"FORWARD WITH FAITH AND FORTITUDE."

Founded in 1901 by the Society of Mary, Saint Joseph College looks on an eventful history. Twice it was forced into 'exile': first to Kobe when the Great Earthquake destroyed Yokohama in 1923 and then during World War II to Gora, Hakone.

After extensive repair work in 1945, SJC returned to it's campus on the Bluff. With postwar expansions which included radical renovations in the cafeteria and grade school building, the enrollment of SJC has grown rapidly. With this also, SJC's fame as an ever-progressing school has spread through the Orient.

During all these years, our school has progressed in accordance with the true spirit of the founding fathers. SJC is a very international school, with 491 students representing 24 different countries. Although established along strictly Catholic principles, Saint Joseph College has always been a place of religious tolerance, demonstrated by the large group of non-Catholics presently enrolled.

SJC's fruitful history is paralleled only by it's bright outlook for the future.

BRO. ALOYSIUS M. SODEN

Treasurer

Once upon a time, many years ago, (1929 to be precise) Bro. Al, then a youngster himself, set foot into Japan, the Land of the Rising Sun. It was then that Bro. Soden first saw the gates of Saint Joseph College.

After a four year stay here, he was appointed to Kaisei School in Nagasaki, where he taught eight years. In 1941 he returned to SJC. During the Second World War, he was repatriated. 1947 saw him back again. Our 'travelling man' left again to continue in advanced studies but he was soon back in 1957.

His experience with so many of the graduates makes Brother an excellent leader for the SJC Association. He has had experience as librarian, Guidance Director, and is presently treasurer for the school.

His teaching curriculum fits his hobby— Japanese history. He has also taught ethics, catechism, and is presently teaching English and business correspondence. FR. FRANCIS W. GERBER

Vice-Principal

Fr. Francis W. Gerber, Headmaster of the grade school department of SJC first came to Japan and to SJC in the year 1948. He stayed for a period of seven years until 1956, when he returned to the United States. Remaining in the States for two years, he subsequently returned to SJC in 1958.

Besides the very burdensome duty of being the grade school Headmaster, Fr. Gerber also has a teaching schedule. Fr. Gerber teaches the seventh and eighth grades. He teaches the seventh and eighth grade ethics, eighth grade English and the fundamentals of reading and spelling. To top his already heavy schedule, Fr. Gerber is the moderator of the eleventh grade sodality.

Fr. Francis is a very proficient and effective manager of small children. To us, Fr. Gerber spells 't-u.t-o-r-i-n-g' as he is always on the run looking for prospective helpers of the children in the grade school.

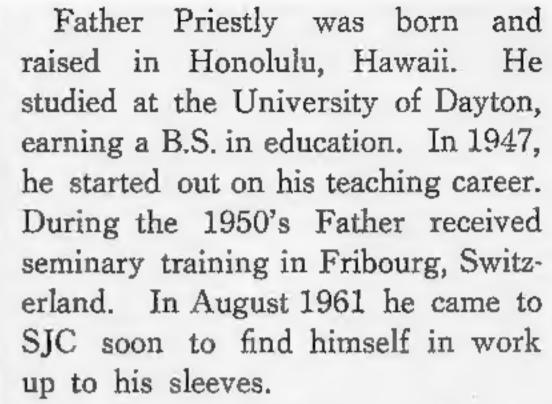

After a hectic and tiring day, Fr. Gerber turns to his very relaxing hobby of reading an interesting piece of literature with soft music flowing in the background.

FR. JOSEPH PRIESTLEY

High School Chaplain, Guidance Counsellor (First Semester)

Yet, the door to Father's office was always open to a student with a problem. His advice in scholastic as well as in other fields was beyond price, especially to college-bound Seniors. Besides this already trying task, Father taught religion to the entire high school and Latin II to the sophomores. Then there were his spiritual duties calling, at SJC as well as at neighboring St. Maur's Convent.

Don't assume that this was enough of a load for him. He was also Moderator of the Student Council, Glee Club, the Mothers' Club, and the Sodality. Whenever he found some spare time, Father pursued his hobbies: reading and playing the piano.

FR. FRANCIS NAKAGAWA

High School Chaplain, Guidance Counseller (Second Semester)

Replacing Fr. Priestley as High School chaplain and charge d'affairs of a score of other activities is Fr. Francis Nakagawa. Fr. Nakagawa briefly taught here two years ago for one semester but returned to Chaminade College, Hawaii.

Listing Father's activities and courses which he teaches would be an extremely long and tedious task but the work and ordeals which Father must endure everyday would be many times harder.

As High School chaplain, guidance counsellor, and student council moderator, Father's after-school leisure hours are well taken up. His teaching, which Father Francis seems to enjoy tremendously, is centered in the fields of Latin and religion. Father also teaches religion at Saint Maur's Convent.

The school is proud to have you back, Father, and we are sure that you will enjoy SJC as much as the students do.

BRO ROBERT SCHAWALDER

Dean of Students

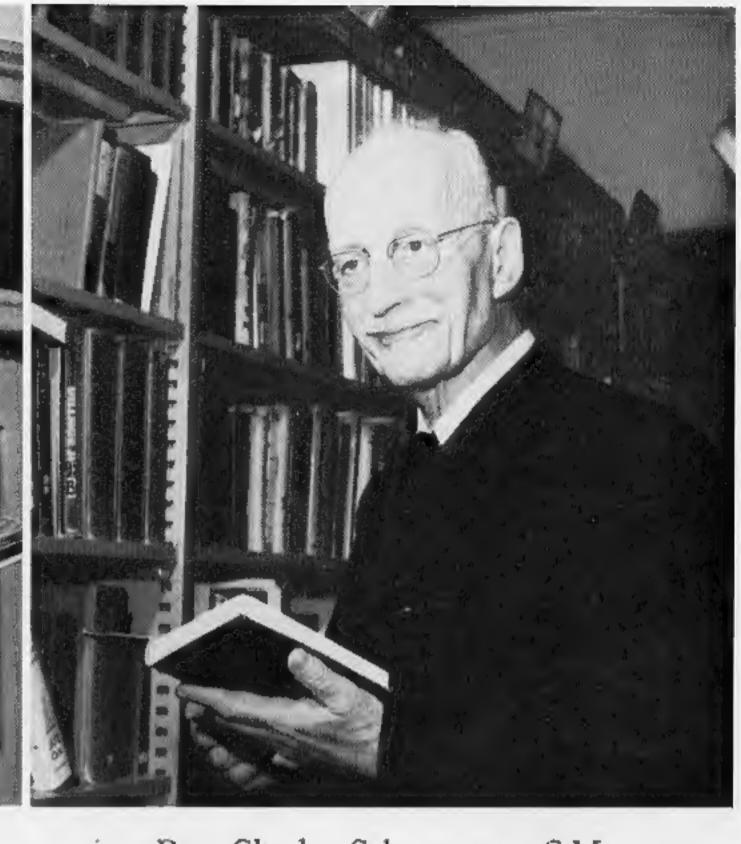

Brother Schawalder hails from Pittsburgh, Pennsylvania. He received his college education at the University of Dayton, Ohio, and later earned an M.A. in Mathematics at "Ohio State". His teaching career brought him to Japan after stays in New York, Kentucky, Puerto Rico, and several other places. He joined the SJC faculty as science instructor in 1959.

Today, he teaches the Sophomores plane geometry and biology, lectures the Junior and Senior academic groups in chemistry, and bewilders the Seniors in math. Brother Bob is Dean of Students, the position which gives him charge of student descipline, student-faculty relations, etc. His other duties are: Yearbook Moderator, Chairman of the High School Council, and Prefect of Chaminade Hall.

He has one primary liking, the laboratory. When Brother arrived at SJC, the lab almost was non-existent; now it can be compared favorably to many stateside college labs. Thanks for all!

JUNIORS

The Junior Class of 1964, the future Seniors, will step into their predecessors' footsteps with great promise, for the class possesses potential ability with wide frontiers yet to be exploited. The class, at present, displays surprising unity in fulfilling their tasks.

The Juniors possess both humor and resourcefulness in perfect harmony. These traits are best personified in their President, Joseph Takeuchi.

The Seniors can, without worry, leave the school when they know that there is such a class to continue leading the school to yet higher goals.

FRESHMEN

They were once eager learners. But in their sophomorical wisdom, they are now skeptical retainers of mysterious knowledge given to them

They were once eager followers. But in the new status, about to be given them, they have found a new way of life-leading.

The former will pass. They are now in a special stage of tife. They are succeeding the present 10th Graders as the universally acclaimed wise-foolish of

Much is expected of them in the coming years.
